F:	Channel to contact FGS Staff	28

1. About this Handbook

This handbook provides details of the requirements of the offered program courses for prospective students. It serves as a guide for students to prepare themselves and plan their studies and graduation along with the regulations reinforced by the Program, FGS and University.

However, candidates should be aware that nothing in this manual overrules the Academic Regulations of Graduate Studies, Mahidol University (a copy of which can be viewed at the Faculty of Graduate Studies).

2. Philosophy of the Curriculum

Focus on the process of developing the student to be a person with high level expertise in environment and resources science, able to learn independently, creatively, morally, have wide vision, can work both independently and with a team, be a leader in environmental science, able to integrate the overall knowledge of the environmental system and produce innovative products for the benefit of sustainable development.

3. Objectives of the Program

By the end of the study, students are able to that meet the graduate qualification standards as follows:

1. Demonstrate moral ethics with academic honesty and reliability as a professional in the field of environment and natural resource research;
2. Knowledgeably and comprehensively understand the principles and theories related to the fields of environment and resource management and conduct self-directed learning and follow the advances in academics and technology in those fields;
3. Analyze and criticize research and conduct research of the environment and resources based on professional morals and using correct procedures of research;
4. Work cooperatively with leadership and high responsibility for assigned work;
5. Apply information technology to mathematical and statistical analysis, compilation and discussion for conducting research, research presentation and dissemination

4. Program Learning Outcomes (PLOs)

At the end of study, students will be able to

1. Demonstrate moral ethics as a professional in the field of environment and natural resource research
2. Analyze the complex relationships between natural and human systems
3. Solve environmental problems using accurate information, technology and modern tools
4. Integrate facts, concepts, and methods from multidisciplinary approaches to make ethical and informed judgments on complex environmental issues

5. Create novel interdisciplinary research studies for sustainable development at the state, national and regional level in terms of publication and innovation

5. English Proficiency Requirements

- 5.1 Students need to pass at least “Entrance Requirements” within 1 year otherwise, they will not be longer eligible to study in the PhD program.
- 5.2 Before a thesis defense examination, student need to pass “Graduation Requirement”, otherwise students are not able to proceed for the examination.

TEST	Entrance Requirement	Graduation Requirement (Pass)	
		Graduate Diploma / Masters Higher Graduate Diploma	Doctoral
IELTS	3.0	5.0 (W = 5.0, S = 5.0)	6.0 (W = 6.0, S = 6.0)
TOEFL-iBT	32	64 (W = 17, S = 15)	79 (W = 23, S = 19)
MU GRAD Plus (MU GRAD Test + Speaking)	40	70 (W = 10, S = 10)	90 (W = 12, S = 12)
MU ELT	84 (Except Doctoral Level)	84 (W = 10, S = 10)	-

W = Writing, S = Speaking

- English score must not exceed 2 years.
- Due to different score requirement, please check information of your chosen program.

6. Soft Skill

Graduate students who enter must pass the activities to enhance skills (Soft Skill) as specified by the Graduate School in 4 areas, can choose to study according to the link :

<https://graduate.mahidol.ac.th/softskills/student/login.php> ^{ตั้งนี้}

- 6.1 Communication and Language Skills
- 6.2 Leadership and management Skills
- 6.3 Creative and Innovative Skills
- 6.4 Digital Skills

7. Venue of Study:

The program will be conducted at the Faculty of Environment and Resource Studies, Mahidol University, 999 Phuttamonthon 4 Road, Salaya, Nakhon Pathom, 73170, THAILAND

8. Study Plan:

Registration:

- Students must register as full-time students.
- Students must register for ENID 898 Dissertation 48 credits as follows:

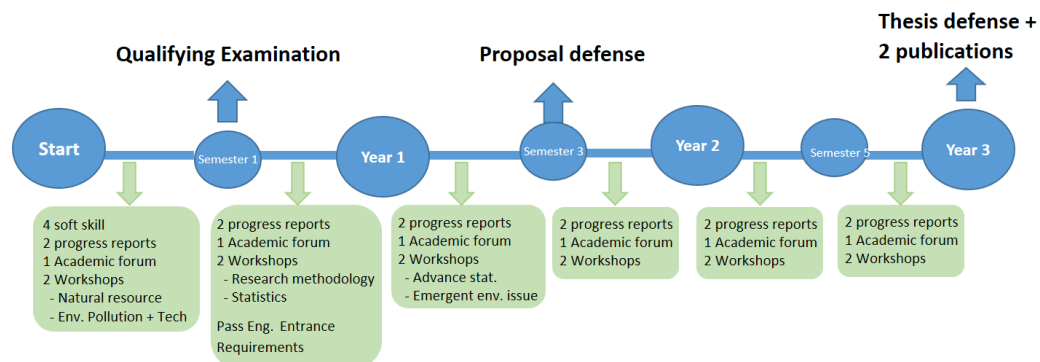

Year	Semester 1	Semester 2
1	<ul style="list-style-type: none"> - Workshop 1: The Natural resources Assessment and Analysis (Appendix C) - Workshop 2: Technology of Environmental Pollution Management (Appendix C) - 4 Soft skills* - Qualifying examination - Proposal Development - Appointment of advisor - 2 Progress reports** - Academic forum*** 	<ul style="list-style-type: none"> - Workshop 3: Research Methodology and Academic Writing (Appendix C) - Workshop 4: Advanced Statistics (Appendix C) - Proposal Defense - 2 Progress reports - Academic forum
2	<ul style="list-style-type: none"> - ENID 898 Dissertation 48 (0 –144–0) - Research activity - 2 Progress reports - Academic forum - Preparation of manuscript #1 	<ul style="list-style-type: none"> - ENID 898 Dissertation - Research activity - 2 Progress reports - Academic forum - Submission manuscript #1 - Preparation of manuscript #2
3	<ul style="list-style-type: none"> - ENID 898 Dissertation - Research activity - 2 Progress reports - Academic forum - Submission manuscript #2 - Preparation of dissertation 	<ul style="list-style-type: none"> - ENID 898 Dissertation - 2 Progress reports - Academic forum - Dissertation defense - Submission of dissertation - Acceptance letters of 2 publications

Remark

** Progress report – students must present their updated research progress to classmates, program committee and major advisors twice a semester (at the beginning and the end of each semester)

*** Academic forum – students must present their own research topic or relevant research articles the same way as for an academic conference presentation to classmates, program committee and major advisors once a semester (in the middle of each semester).

What to do in each step?

9. Guideline for examination and presentation

9.1 Guideline for Qualifying Examination

Qualifying Examination's criteria as following details.

1. The major environmental problems facing humanity (20 scores)
2. A research gap or/and research trend on a topic which related to thesis from literatures selected by a student's major advisor (a student has to submit the Qualify Examination and Committee (GR.35) from together with the most 5 relevant papers to qualifying examination committee) (50 scores).
3. How to make use of the research gap (above) to develop student's own research (20 scores).
4. Presentation: students are required to submit a presentation (Power Point) to QE committees 1 week before examination date (10 scores).

See the evaluation in section 9.1

9.2 Guideline for Progress Report & Academic Forum

9.2.1 *Progress Report Evaluation* will be based on only Thesis Major Advisor while program will collect the score evaluating every time (see the evaluation in section 9.2)

9.2.2 *Academic Forum Evaluation*, students would be evaluated Presentation, Punctuality and other issues which are accorded with Expected Learning Outcomes. In addition, in case Thesis Major Advisors cannot attend the activity, the evaluation forms will be sent to them and let them evaluate from Power Point of students. Anyway, the power point of students has to be approved by Thesis Major Advisor before the Academic Forum (see the evaluation in section 9.3).

- For the first year student, the objective of this forum is to consolidate students' literature review skills. The presenter has to present at least 2 papers, which are related to his/her research. The presenter has to submit an abstract of summarized reviews.
- For other student who has his/her own research topic, student is required to present research progress. The presentation will cover an overview, updated results, a thesis completion plan and obstacles and solution (if any). Abstract is included at no longer than 250 words.
- For student who has/prepares a manuscript for publication, student is required to present his/ her PhD researches the same way as for an academic conference presentation. Abstract is included at no longer than 250 words.
- Each student has 15 minutes for the presentation and 10 minutes for Q&A.
- If student could not attend the forum, students would be required to submit a formal letter to declare the reasons of the absence approved by advisor. If students are absence without any rational reasons, the Program committees will not approve to extend the study if students meet the deadline.

The resolution of the PhD meeting No. 9/2564 B.E. dated September 15, 2021

11. Grant and Reward

5.1 Research Supplies Fee Allocation

Our program has a Research Supplies Fee Allocation to support our students to conduct quality master research. This allocation is for our students who pass their thesis proposal defense by 3rd semester after starting the study. <https://en.mahidol.ac.th/images/curriculum/phd/suppliesFee.pdf>

5.2 Publication Reward for Graduate students in Faculty of Environment and Resource Studies

*The condition is changed every year, Please recheck the conditions with staff of Faculty of Environment and resource studies. <https://en.mahidol.ac.th/index.php/curriculum/phd/phd>

12. Facilities

- **Common room and the use of common room**

- 1st floor of Building 4
- Allocated working space (a desk) and store (a locker) for each PhD
- When leaving the room, keep your belonging in own locker every time
- Keep clean
- Do not cook and leave leftover food/drink
- Do not stay over 8.00 pm.
- Sharing space should be shared (big table and cabin)
- Use common sense and be considerate

- **Library on the 2nd floor of building**

- 2,500 sheets of paper for printing are provided for non-lab research only
- For lab-research, there are some basic chemicals provided

13. Registration Fee for the Academic Year 2023

Descriptions	Total	Year 1		Year 2		Year 3	
	Amount	Semester 1	Semester 2	Semester 1	Semester 2	Semester 1	Semester 2
-Education Services Fee @ 10,000/ year	30,000	5,700	4,300	5,700	4,300	5,700	4,300

-Graduate Studies Fee @ 750/ semester	4,500	750	750	750	750	750	750
-Internet Service @ 500/semester	3,000	500	500	500	500	500	500
-Graduate Tuition Fee	0	0	0	0	0	0	0
-Research Supplies Fee	300,000	0	0	150,000	150,000	0	0

Descriptions	Total Amount	Year 1		Year 2		Year 3	
		Semester	Semester	Semester	Semester	Semester	Semester
		1	2	1	2	1	2
-*Special Equipment @5,000/ semester	30,000	5,000	5,000	5,000	5,000	5,000	5,000
-Thesis Register	72,000	4,200	0	36,000	36,000	0	0
-QE	4,200			0	0	0	0
Sub-Total (Baht)	445,200	16,400	10,800	198,200	196,800	12,200	10,800
<u>Others</u> (for International Students) Health Insurance	10,500	3,500	0	3,500	0	3,500	0
Total (Baht)	455,700	19,900	10,800	201,700	196,800	15,700	10,800

Remark *The above fee does not include MU-CIRB fee and Soft skills fee. (It depends on student's interest.)

14. Academic System

The academic year is based on 2 semesters:

First semester August 2023 – December 2023

Second semester January 2024 – May 2024

15. Consultation and Supervision

Lecturers who are available for student supervision will normally be comprised of the full-time academic staff of Mahidol University. They have relevant research and teaching expertise and are expected to hold a university appointment for the duration of the course. While the student is taking the coursework, the program director will be the general advisor until the student submitted GR. 44 (Appointment of Thesis/Thematic Paper Proposal Advisor).

16. Monitoring Progress

The lecturer should encourage and ensure that the student is actively engaged in the course in a manner likely to produce significant results by the time of the course examinations. Any unsatisfactory progress on the part of the student should be detailed, and acted upon. The student should be informed verbally and in writing of this, and methods to improve the student's performance will be identified and implemented enabling the student to continue with their studies.

Faculty of Graduate Studies, Mahidol University

Registration Process		1 st Semester	2 nd Semester	Summer
1	Semester start and end dates	Aug 7 - Dec 1, 2023	Jan 8 - May 3, 2024	May 27 - Jul 19, 2024
2	Consultations with advisors for course registration approval (Regarding course registrations deviating from study plans, a request must be approved prior to registration)	From Jun 5, 2023	From Nov 6, 2023	From Apr 22, 2024
3	Registration period via Student Service System on https://graduate.mahidol.ac.th and registration fee payment			
	3.1 Regular registration	Jul 3 - Jul 14, 2023	Dec 4 - Dec 15, 2023	May 6 - May 10, 2024
	3.2 Last day of payment for tuition fees during the regular registration period (If the payment is made after this deadline, the students will be charged 2,000 baht for late registration.)	Aug 4, 2023 (before 10:00 p.m.)	Jan 5, 2024 (before 10:00 p.m.)	May 24, 2024 (before 10:00 p.m.)
	3.3 Late registration (The students will be charged for 2,000 baht)	Aug 7 - Aug 18, 2023	Jan 8 - Jan 19, 2024	May 27 - May 31, 2024
	3.4 Add/Drop course registration (Tuition fee refund for course dropping)			
	3.5 Submission of credit refund request form for the dropped course(s) (during Add/Drop registration period) Remarks: The refund request must be proceeded within the specified period. All requests submitted after the specified period will not be considered.	Aug 7 - Sep 1, 2023	Jan 8 - Feb 2, 2024	May 27 - Jun 14, 2024
	3.6 Last day of payment for tuition fees and fines for late registration (The students will be charged for 2,000 baht)	Sep 1, 2023 (before 10:00 p.m.)	Feb 2, 2024 (before 10:00 p.m.)	Jun 14, 2024 (before 10:00 p.m.)
	3.7 Course withdrawal (No refund)	Aug 19 - Nov 24, 2023	Jan 20 - Apr 26, 2024	Jun 1 - Jul 12, 2024
4	Advisor or program director's approval notice toward the registration results	Within 7 days after receiving student registration request		
5	Invoice and course list will be informed via e-mail to each student. The students can download and print out the invoice for payment to be proceeded at bank counters or through electronic channels.			
	5.1 Regular Registration 5.2 Late Registration 5.3 Add/Drop Course Registration	12 days after student registration request		
6	Announcement of student enrollment's list and payment status on https://graduate.mahidol.ac.th (Student Service System)	From Jul 17, 2023	From Dec 18, 2023	From May 13, 2024
7	The Faculty of Graduate Studies submits the list of students who do not register for courses or	Oct 2, 2023	Mar 4, 2024	---

Registration Process		1 st Semester	2 nd Semester	Summer
	register without the tuition fee payment for student status suspension.			
8	Course evaluation	Nov 13 - Dec 25, 2023	Apr 22 - May 27, 2024	Jun 24 - Jul 29, 2024
9	Submission of course evaluation summary for the semester to FGS	Within Dec 22, 2023	Within May 24, 2024	Within Jul 26, 2024
10	Grade Report announcement on https://graduate.mahidol.ac.th (Student Service System)	From Dec 23, 2023	From May 25, 2024	From Jul 27, 2024

Update June 6, 2023

C: TQF 3 Workshop 1-4

Workshop 1: The Natural Resources Assessment and Analysis

1. Background

Natural resources are being depleted day by day due to worldwide population growth and economic development. Therefore, the understanding of natural resources, the tools to explore each type of natural resource, and the assessment of natural resources are a top priority before using those natural resources.

2. Objectives

To enable students to:

- explain the importance and limitations of each type of natural resource.
- to use tools to explore each type of natural resource
- to analyze and synthesize data

3. Expected outcome

- Students understand and recognize the value of each resource
- Students are able to use each type of natural resource for maximum benefit and sustainability

4. Participants

PhD students who are in the 1st year (1st semester)

5. Date and venue

The second week of the semester

Faculty of Environment and Resource Studies, Mahidol University, 999 Phutthamonthon Rd 4, Salaya, Phutthamonthon, Nakhon Pathom 73170

6. Agenda

Time	Activity	lecturer
8.00-9.00	Registration	
9.00- 10.15	Lecture on Forest Resources, Tools for Inventory, Data Analysis	Assoc. Prof. Dr. Nathsuda Pumijumnong
10.15-10.25	Break	
10.25 -11.30	Lecture on Soil Resources, Soil Surveying Tools, Data Analysis	Asst. Prof. Dr. Noppol Arunrat
11.30 – 12.45	Lecture on Water Resources, Water Surveying Tools, Data Analysis	Assoc. Prof. Dr. Kampanad Bhaktikul
12.45 – 13.45	Lunch	
13.45-15.30	Practice on Resource Surveys and Assessments	PhD students
15.30-15.40	Break	

Time	Activity	lecturer
15.40- 16.30	Presentation and evaluation	All lecturers

7. Student Evaluation

- Five ratings scale for evaluation: Excellent, Good, Moderate, Fair, and Poor
- Evaluation topics:
 - i) Course contents are essential knowledge and applicable.
 - ii) Course contents are appropriate in accordance with course objectives.
 - iii) Satisfaction towards each lecturer's ability to transfer knowledge.
 - iv) Satisfaction towards the teaching method and instructional media of each lecturer.
 - v) Satisfaction towards the facility and any supporting factors.

Workshop 2: Technology of Environmental Pollution Management

1. Background

Environmental pollution has become a serious environmental problem of much concern. Several pollutants, occurring from both natural- and man-made sources are contaminating environmental media, including soil, air, and water. In addition, numerous solid wastes and hazardous wastes are generated from human activities and pollute the environment. Therefore, the best available technology and/ or appropriate solutions for controlling pollutants discharged into the environment are needed to solve these problems.

2. Objectives

- Identify the sources and types of environmental pollutants contaminating the environmental media
- Describe the effects of environmental pollutants on the environment and human health
- Analyze technology for prevention, control, and mitigation of environmental pollution problems

3. Expected outcome

- Understand the different types of environmental pollution and its effects on environment and human health
- Propose the best available technology for solving and managing environmental pollution problems

4. Participants

PhD students who are in the 1st year (1st semester)

5. Date and venue

The third week of the semester

Faculty of Environment and Resource Studies, Mahidol University, 999 Phutthamonthon Rd 4, Salaya, Phutthamonthon, Nakhon Pathom 73170

6. Agenda

Time	Activity	lecturer
08.00-08.30	Registration	
08.30- 10.00	Lecture on: - Environmental pollutants and their effects on environment and human health - Soil pollution and treatment technology of contaminated soil - Air pollution, air pollution control technology and mitigation measures	Assoc. Prof. Dr. Benjaphorn Prapagdee
10.00-10.15	Break	
10.15 -11.45	Lecture on: - Pollution prevention - Water pollution and management - Water quality analysis - Wastewater treatment technology	Assoc. Prof. Dr.Jaruwan Wongthanate
11.45 – 13.00	Lunch	
13.00 – 14.30	Lecture on: - Solid and hazardous waste management - Technology of solid waste treatments and waste utilization - Laws and regulations for waste management	Asst. Prof. Dr. Achara Ussawarujikulchai
14.30-14.45	Break	
14.45-16.15	Criticize the case studies on the current issues of technology of environmental pollution management: Soil, air, water pollution and waste management	All lecturers
16.15- 16.30	Course summary	All lecturers

7. Student Evaluation

- Five ratings scale for evaluation: Excellent, Good, Moderate, Fair, and Poor
- Evaluation topics:
 - vi) Course contents are essential knowledge and applicable.
 - vii) Course contents are appropriate in accordance with course objectives.
 - viii) Satisfaction towards each lecturer's ability to transfer knowledge.
 - ix) Satisfaction towards the teaching method and instructional media of each lecturer.
 - x) Satisfaction towards the facility and any supporting factors.

Workshop 3: Research Methodology and Academic Writing

1. Background

Research methodology is important for those studying at a higher education level to provide a framework for initiating research work and related issues which include the importance and origin of the problem, raising questions in research, setting objectives, etc. It also covers literature review and references, and the systematic writing of methodology. In addition, doctoral students must have their work published in a journal accredited by the Ministry of Higher Education Science, Research and Innovation and journals in databases that are accredited by the Faculty of Graduate School, Mahidol University. Thus, this workshop will cover journal selection advice and precautions for article submission, and will include editing, and response after receiving feedback from peer reviewers.

2. Objectives

- To enable students to be able to write research methodologies correctly.
- To prepare students to write articles and submit journals that have been certified by the Ministry of Higher Education, Science, Research and Innovation and the Graduate School of Mahidol University.

3. Expected outcome

- Students are able to write research methodologies according to academic principles.
- Students can write articles and submit journals with confidence.

4. Participants

PhD students who are in the 1st year (2nd semester)

5. Date and venue

The fourth week of the semester

Faculty of Environment and Resource Studies, Mahidol University, 999 Phutthamonthon Rd 4, Salaya, Phutthamonthon, Nakhon Pathom 73170

6. Agenda

Time	Activity	lecturer
08.00-08.30	Registration	
08.30- 10.30	Research Methodology writing: <ul style="list-style-type: none"><input type="checkbox"/> Chapter I: Rational, research question, objective, scope of study, time line etc.<input type="checkbox"/> Chapter II: literature review<input type="checkbox"/> Chapter III: methodology<input type="checkbox"/> References<input type="checkbox"/>	Assoc. Prof. Dr. Nathsuda Pumijumnong, Asst. Prof. Dr. Paramita Panwong, Asst. Prof. Dr. Noppol Arunrat

Time	Activity	lecturer
10.30-10.40	Break	
10.40 -11.45	Research methodology exercise	Assoc. Prof. Dr. Nathsuda Pumijumnong, Asst. Prof. Dr. Paramita Panwong, Asst. Prof. Dr. Noppol Arunrat
11.40 – 12.30	Presentation by Ph.D. Student	Assoc. Prof. Dr. Nathsuda Pumijumnong, Asst. Prof. Dr. Paramita Panwong, Asst. Prof. Dr. Noppol Arunrat
12.30 – 13.30	Lunch	
13.30 – 14.30	Academic article writing: Principles of journal selection An introduction to writing articles for journals to be published from an editor's perspective.	Assoc. Prof. Dr. Benjaporn Prapagdee
14.30-14.40	Break	
14.40-15.30	Academic article writing exercise	Dr. Thomas Neal Stewart, Assoc. Prof. Dr. Nathsuda Pumijumnong, Asst. Prof. Dr. Paramita Panwong, Asst. Prof. Dr. Noppol Arunrat
15.30- 16.30	Presentation and Course summary	All lecturers

7. Student Evaluation

- Five ratings scale for evaluation: Excellent, Good, Moderate, Fair, and Poor
- Evaluation topics:
 - xi) Course contents are essential knowledge and applicable.
 - xii) Course contents are appropriate in accordance with course objectives.
 - xiii) Satisfaction towards each lecturer's ability to transfer knowledge.
 - xiv) Satisfaction towards the teaching method and instructional media of each lecturer.
 - xv) Satisfaction towards the facility and any supporting factors.

Workshop 4: Advanced Statistics

1. Background

Statistical knowledge helps us use the proper methods to collect the data, employ the correct analyses, and effectively present the results. Statistics is a crucial process behind how we make discoveries in science, make decisions based on data, and make predictions. Statistics plays an important role in programming. Nowadays, most advanced statistics is based on programming such as Python.

2. Objectives

- To recommend the use of appropriate statistics in research
- To introduce and practice advance Statistics in Programming

3. Expected outcome

- Students can use the appropriate statistics in their research.
- Students are able to interpret statistical interpretations accurately.

4. Participants

PhD students who are in the 1st year (2nd semester)

5. Date and venue

The fourth week of the semester

Faculty of Environment and Resource Studies, Mahidol University, 999 Phutthamonthon Rd 4, Salaya, Phutthamonthon, Nakhon Pathom 73170

6. Agenda

Time	Activity	lecturer
08.00-08.30	Registration	
08.30- 9.00	Introductory <ul style="list-style-type: none"><input type="checkbox"/> Definition of statistics<input type="checkbox"/> Why are statistics important?	Asst. Prof. Dr. Saranya Sucharitakul
9.00-10.30	Statistics in programming	Asst. Prof. Dr. Noppol Arunrat
10.30 -10.40	Break	
10.40 – 12.00	Statistics in programming exercise	Asst. Prof. Dr. Saranya Sucharitakul
12.00 – 13.00	Lunch	
13.00 – 15.00	Statistics in Big Data science	Assoc. Prof. Dr. Nathsuda Pumijumnong
15.00-15.10	Break	
15.10-16.10	Statistics in Big Data science practices	Assoc. Dr. Nathsuda Pumijumnong, Asst. Prof. Dr. Paramita Panwong

Time	Activity	lecturer
16.10- 16.30	Course summary	All lecturers

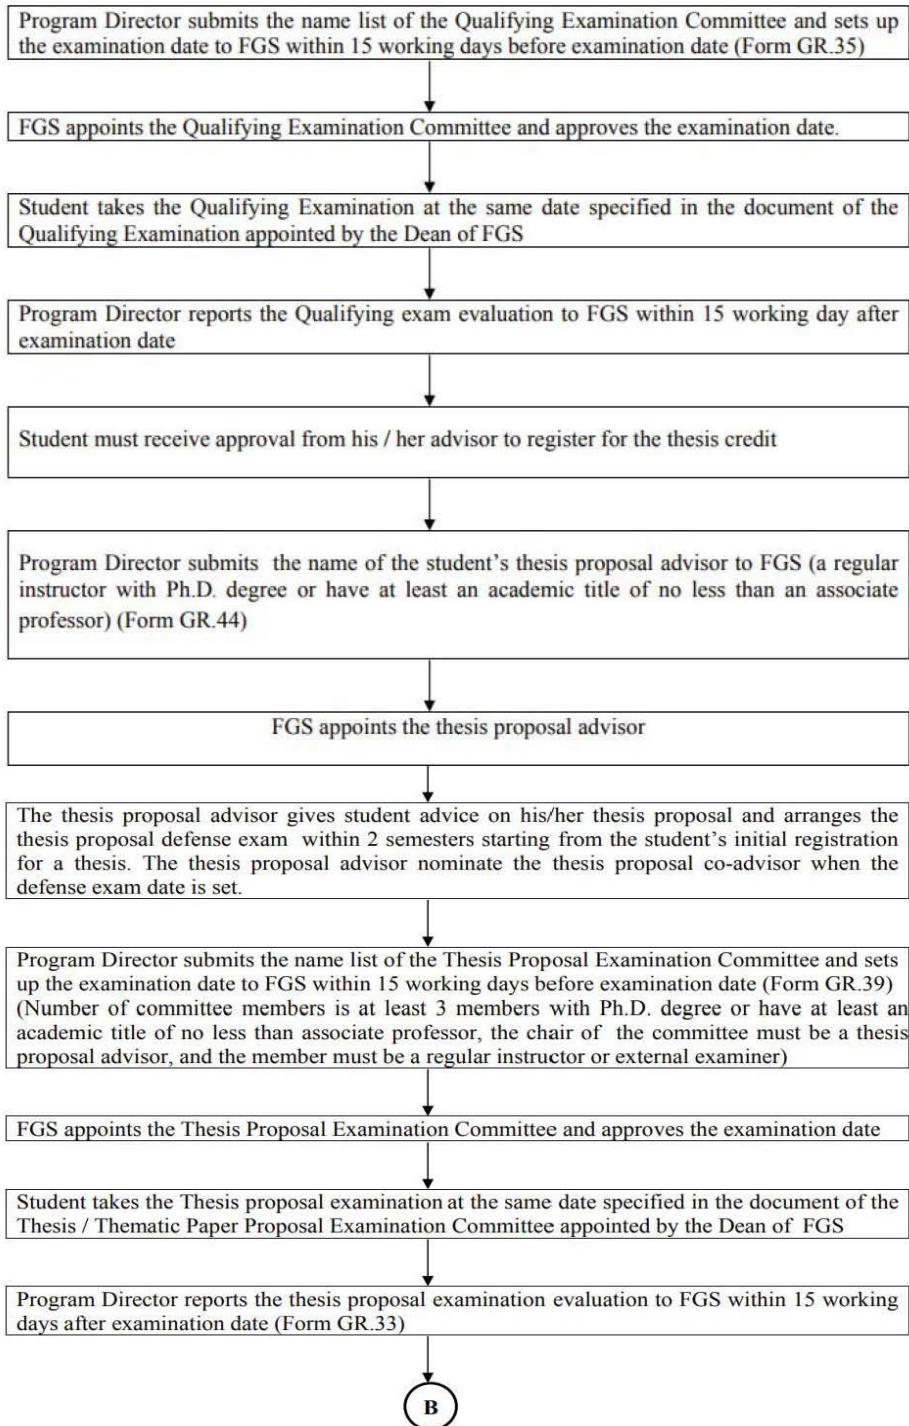

7. Student Evaluation

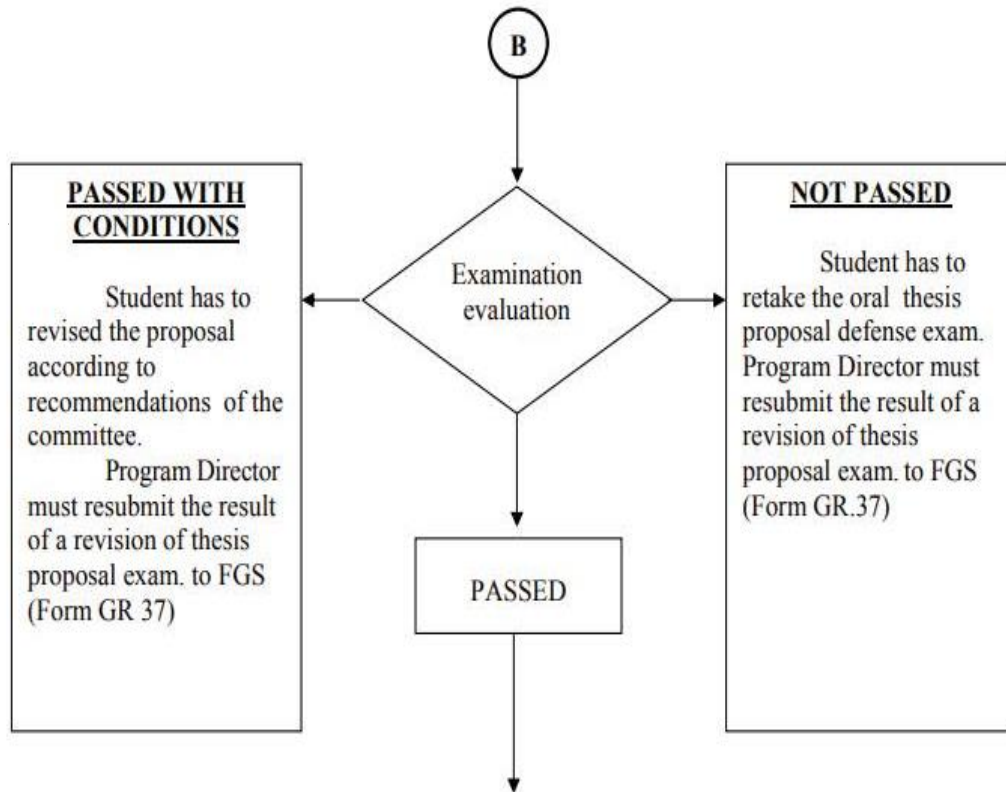

- Five rating scales for evaluation: Excellent, Good, Moderate, Fair, and Poor
- Evaluation topics:
 - xvi) Course contents are essential knowledge and applicable.
 - xvii) Course contents are appropriate in accordance with course objectives.
 - xviii) Satisfaction towards each lecturer's ability to transfer knowledge.
 - xix) Satisfaction towards the teaching method and instructional media of each lecturer.
 - xx) Satisfaction towards the facility and any supporting factors.

D: Thesis process

Step for Thesis process (Doctoral Degree Program)

Program Director submits the name list of the Thesis Advisory Committee of at least 3 members and the thesis title to FGS (Form GR 1)
(The Thesis Committee consists of one thesis major advisor and at least two co-advisors who are regular instructor or external person with Ph.D degree or have at least an academic title of no less than an associate professor)

FGS appoints the Thesis Advisory Committee and approves the thesis title

The Thesis Advisory Committee gives student advice on the theoretical concepts, research methodology and analytical processes, and helps solve relation problem that may occur / gives student advice on the writing of a thesis and the language used / checks for and prevents dishonesty in thesis / thematic paper by contacting student and checking students's progress in research performance

D

The Thesis Defence Examination Committee consists of at least 4 committee members (holding Ph.D. degree or have at least an academic title of no less than an associate professor)

- (1) major advisor
- (2) at least one external examiner and
- (3) co-advisor or a regular instructor.

FGS confirms the requirements for taking thesis defense and Dean of FGS appoints the thesis Defense Committee.
The committee must assess student's caliber in conducting research for his/her thesis, his / her know how of the research content, presentation ability in speaking and writing as well as intelligence in answering questions and finalize the exam result of thesis

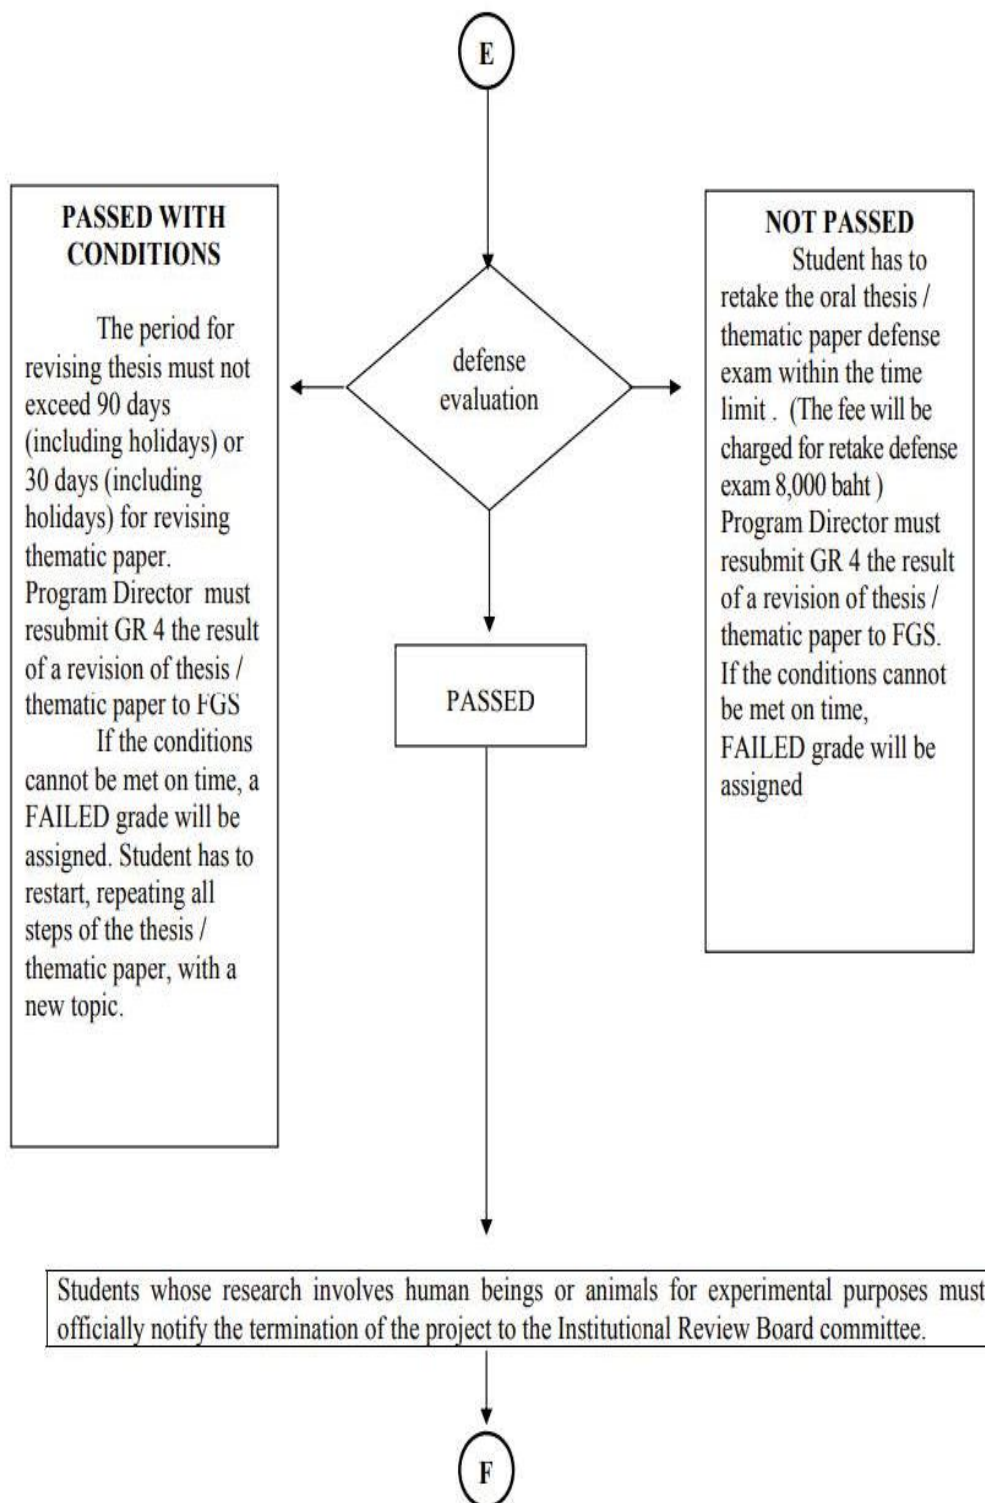

The thesis examination will be an examination open to a general audience and be set at the same date specified in the document of the Thesis Defense Committee appointed by the Dean of FGS

If any member of the defense committee is absent, the following should be carried out.

1. FGS. must postpone the defense exam date until a new exam date is set.
2. If the defense exam can not be postponed, the defense exam can proceed but the Chair of the Defense Committee must notify the Program Director of the problem and then submit it to Dean of FGS. The absent committee member must later evaluate the thesis. The final exam result must be approved by the Dean of FGS.

- The Chair of the Defense Committee must finalized the exam result of the thesis
- The defense committee who is a thesis major advisor must inform the student of the result of the thesis defense exam, in written form within 5 working days after examination date and submit that result to the Dean of FGS via the Program Director within 15 working days after examination date (Form GR.3)

E

F

The process of preparing the original copy of thesis and request for thesis checking format service.

1. Student must prepare the original copy of thesis in the format required by FGS.
2. Student should submit the Cover Page, Entitled Page, Approval Page and Abstract Page to the staff of Academic Services Section, FGS, Salaya Campus to have those checked before the defense examination date. This provides student to be able to bring Entitled Page and Approval Page to the Thesis Advisory Committee and The Thesis Defense Examination Committee to sign after passing the defense exam. (result : PASSED)
3. After passing the defense exam. Student should bring the original copy of thesis (hard copy and electronic file) to the staff of Academic Services Section, FGS. to have the thesis format checked. Allow at least two working days for service.
4. As for the English Thesis Abstract, student should have the Language Center Staff (at the 2nd floor of Graduate Studies Building, Salaya Campus) checked for the English Grammar, the English Thesis Abstract should be in a double space format.

After having the English Thesis Abstract checked by the Language Center Staff, and having corrected, student should submit the final version of the abstract together with Entitled Page and Approval Page to the Dean of FGS to sign. The Dean of FGS will be the last person to sign after other committee members, Program Director and Dean of Faculty where the program held have signed.

- Student must submit the complete thesis (one original and one copy) plus CD in word file and PDF file to the FGS within 21 days (including holidays) of passing the defense exam with “passed” result. A fee will be charged for late submission 200 bath / working day. The “delayed submission” can not last more than 90 days (including holidays) after the “PASSED” result.
- Cancellation of thesis examination result if the delayed submission of the complete thesis and CD has not been received by the FGS within 90 days (including holidays) after the “passed” result, the FGS will cancel the thesis or thematic paper examination result. If the student still wants to receive the degree, the student must register and start the entire processes of the thesis or thematic paper again.

Student must submit the evidence for Thesis Publishing for Graduation.
(Published documents or letter of acceptance from International Peer-reviewed academic Journal)

Program Director must submit the request for student’s graduation to FGS (Form GR 5)

FGS gives consideration regarding referrals to the Mahidol University Council for authorization of degree

Student is awarded the degree and then she/he can get certificate of Graduation and Transcript

E: Process to submit English Score

The Faculty of Graduate Studies only accepts TOEFL-iBT or IELTS or MU ELT score which directly sent by the test center.

- To submit TOEFL-iBT or IELTS or MU ELT score into FGS database, applicants must comply with following 2 steps:

Contact your test center requesting for delivery service of the score report to Faculty of Graduate Studies, Mahidol University.

Mahidol University
Wisdom of the Land

Submission of English Scores from External Examination Centers (TOEFL iBT / IELTS / MU ELT)

- 1** Candidates should contact the exam center and submit an official English score directly to the Language Center, Faculty of Graduate Studies, Mahidol University.
Exam Delivery Details
1.1 For TOEFL iBT, specify the institution code : C530 for sending the English Score
1.2 For IELTS
1.3 For MU ELT
Specify the following address :
The Language Center, Faculty of Graduate studies, Mahidol University
25/25 Salaya Sub-district, Phutthamonthon District, Nakhon Pathom Province 73170
✉ email : gradlc@mahidol.ac.th
- 2** Applicants must register and submit the official TOEFL iBT, IELTS or MU ELT score
at <http://www.grad.mahidol.ac.th/form01/>
- 3** After your English score has been received (TOEFL iBT / IELTS / MU ELT), it will be verified at the exam center's website and recorded in the registration system for the TOEFL-iBT, IELTS or MU ELT test score.
- 4** After the score has been recorded, a notification will be sent to the email you used to enter into the "Registration system for English test scores submission."

Line @ The Language Center

F: Rules and Regulations of Soft skills

- Postgraduate students whose student numbers begin with 60 onwards must participate in at least two skill development activity held by the FGS. Students can also take part in skill development activities organised by the programme/department to which they belong and/or any centres, institutes or organisations of Mahidol University.
- A skill development activity which students undertake must cover four skills and must not be less than 12 hours. Students must spend at least 3 hours for each skill.
- Students who register for a skill development activity held by the FGS on the website but are absent from attending will not be entitled to undertake any skill development activities held by the faculty for 2 month counting from the starting date of the activity. Nevertheless, in case of cancelation, students must submit a request through the website at least 3 days before the starting date.
- Students must register at the registration desk at the required time. They will not be permitted to register after 15 minutes.

*** Remark

Students can check their information as well as updated status on the website and will receive a certificate 2 days after an activity has finished.
